

## City of Peekskill, Space Needs Study

**The City of Peekskill** worked with Geddis Architects to evaluate space needs in four City facilities; City Hall, Police Station, Courts, Neighborhood Center, and a recently purchased property adjacent to City Hall. We use prepared alternate designs to best utilize existing City facilities for current and future needs.

### design team

John S. Brice, AIA  
Barbara L. Geddis, FAIA  
Brian Snyder, AIA, LEED® AP, CDT

### client

City of Peekskill, NY
