

Graham School, Hastings-on-Hudson, NY

Graham-Windham (1906), the oldest foster care agency in New York, serves 300 at risk children and youth at their residential educational and treatment center campus in Hastings-on-Hudson, New York. It is licensed by the State Office of Children and Family Services.

With a new treatment paradigm, seven historic cottages were entirely reconstructed to offer a program-rich, non-institutional environment. These areas contain a family counseling room, living room, study rooms, and participatory kitchen. Bedroom clusters are on the upper floor.
